RAYNOR GARAGE DOORS

Aspen™ Series

Design Choices, Style, Quality

When you are looking for that perfect, new replacement door for your home, look no further than Raynor's Aspen™ Series. With all the design choices Aspen™ offers, you are sure to find the perfect combination that will enhance your home's curb appeal and value.

AP200

The Aspen™ model AP200 is a 2" thick, thermally efficient door, featuring Neufoam™ polyurethane insulation that fills 100% of the section's interior. Combine this with all the decorative options available, and you have a best-in-class door that just can't be beat.

AP138

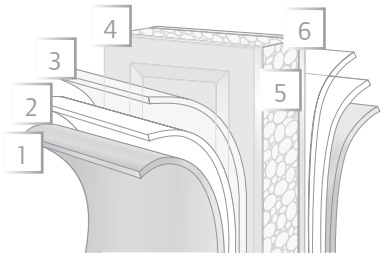
The Aspen™ model AP138 is a 1⅜" thick door and also features Neufoam™ polyurethane insulation. The AP138 is ideal for moderate climate areas, and offers all of the options available to the AP200.

AP200 & AP138

Aspen™

Raynor Aspen™ garage doors are available in two thickness options; 2" and 1⅜". Both models feature Neufoam™ insulation technology, ensuring that 100% of the section's interior is filled with energy saving polyurethane insulation. The 2" thick AP200 has an exceptional R-value of 18, while the 1⅜" thick AP138 has a R-value of 13. Both doors carry a "For As Long As You Own Your Home" limited section warranty against rust, six (6) year limited warranty on hardware, and a three (3) year limited warranty on springs to the original purchaser.*

Aspen™ Panel Construction



1. Baked-on finish
2. Epoxy primer
3. Galvanized layer
4. High-strength steel
5. Polyurethane insulation
6. High-strength steel

**See www.raynor.com for complete and full Limited Warranty details.*

Aspen, black with colonial raised panel embossment and prairie windows.

Colors

Standard

White | Almond | Black | Bronze

Brown | DesertTan | Sandstone | Charcoal

Optional Woodgrain Finishes

Walnut | Medium Oak

Optional Post Paint Finish

Raynor's OptiFinish™ paint process allows your Aspen door to be customized with more than 1,800 Sherwin-Williams® colors.

Hardware Options

Standard

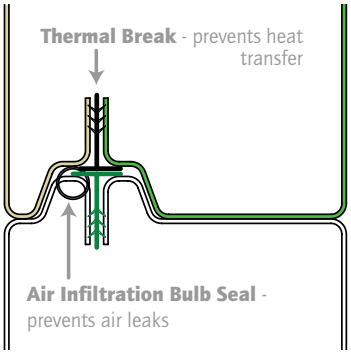
Aspen doors feature galvanized steel track and hinges, Egyptian coated springs, and heavy-duty nylon rollers with steel ball bearings for long life and quiet operation.

Optional

Raynor's EnduraCote™ system includes white powder coated track, end stiles and hinges, black powder coated extended life springs and torsion bar. The EnduraCote™ option also extends the Limited Warranty* on hardware and springs to the original purchaser "For As Long As You Own Your Home" against defects in material and workmanship.

WeatherLock™ Section Joints

Aspen™ doors incorporate Raynor's exclusive WeatherLock™ section joint. Raynor's proprietary modified tongue-in-groove joint provides exceptional strength, moving the joint forward to increase effectiveness of the air and water seal, keeping out unwanted water and air infiltration, while providing unyielding section strength and integrity.



Panel Options

Aspen™ offers seven distinctly different panel options to help give your home a custom and unique look.

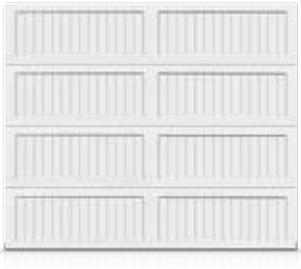
Raised Colonial

Raised Ranch

Flush

Mixed Panel
Raised or Recessed

Recessed Colonial Grooved



Recessed Ranch Grooved

Plank (Beadline)

Sizes:

Heights: 6'0", 6'3", 6'6", 6'9", 7'0", 7'3", 7'6", 7'9", 8'0", 8'3", 8'6", 8'9", 9'0", 9'3", 9'6", 9'9", 10'0"
Widths: All except mixed panel 4'0" - 20'0" ; mixed panel 8'0" - 20'0"

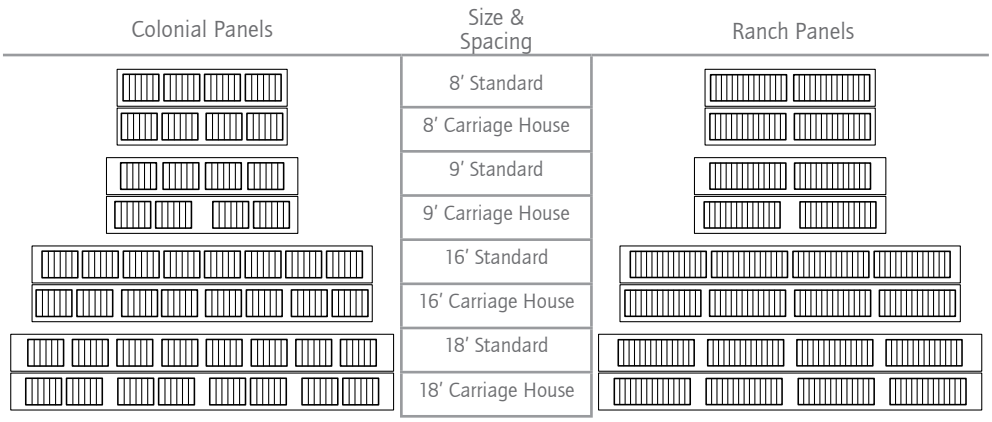
Carriage House Panel Spacing Option

Carriage House Panel Sizes

Carriage House Options are available in:
Width: 8'0" through 20'0"
Height: 6'0", 6'3", 6'6", 6'9", 7'0", 7'3", 7'6", 7'9", 8'0", 8'3", 8'6", 8'9", 9'0", 9'3", 9'6", 9'9", 10'0"

Standard vs. Carriage House Panels

Capture the look of a carriage house door with specially spaced embossments that replicate the traditional carriage house look of the past and provides additional space between embossments for handles.



Mixed Panel Patterns*

The mixed panel pattern combines ranch and colonial panels either in raised or recessed embossments, giving your new Aspen™ door a unique look with one of a kind curb appeal.

Pattern #	Design	Door Width	Approx. End Stile Width	Mutt Spacing
MP-1		8’ 0” 8’ 6”	3⅝” 6⅝”	3.00”

Operators

Convenient and Reliable

Raynor's full line of residential operators offer a broad selection of performance, features and durability. All models offer the ultimate in safety and security features, are available in a variety of horsepower levels and drive systems, as well as wall mounted jackshaft operators and battery backup systems. MyQ™ technology enables you to securely monitor and control your garage door opener with your smart phone, tablet or computer.

Raynor's commercial ControlHoist™ operators, with solid-state logic board control, are available in a variety of motor and voltage combinations to meet any commercial or industrial application. Raynor's commercial FireHoist™ fire door operators are UL listed for use with Raynor FireCoil™ doors, as well as for retro-fit applications where existing fire doors require new operators.

For more information on Raynor openers, find the authorized Dealer nearest you at www.raynor.com or call 800-4-RAYNOR (472-9667).
